ASSIGNMENT

For good and valuable consideration, I, Gottfried Beer, a citizen of Germany, residing at Hochrainstrasse 8, 93152 Nittendorf, Germany, and Hans-Ludwig Althaus, a citizen of Germany, residing at Georgstrasse 12, 93138 Lappersdorf, Germany, hereinafter individually or collectively referred to as "Assignor";

Hereby sell, assign and transfer to **Infineon Technologies AG**, a corporation organized and existing under the laws of Germany, having its principal place of business at St. Martin Str. 53, 81669, Munich, Germany, hereinafter "Assignee", its successors, assigns and legal representatives, the entire right, title and interest in and for the United States and all foreign countries, in and to any and all improvements which are disclosed in the application for United States Letters Patent, which has been executed by the undersigned and

filed on June 3, 2005 (PCT-based filing date December 5, 2002)

Serial No. 11/

entitled: "OPTICAL TRANSMITTER AND/OR RECEIVER ASSEMBLY COMPRISING A PLANAR OPTICAL CIRCUIT"

and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be filed in the United States and all foreign countries on said improvements;

Agree that said Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

MEMORANDUM OF ASSIGNMENT

This MEMORANDUM OF ASSIGNMENT (hereafter "Memorandum") IS BY AND BETWEEN **INFINEON TECHNOLOGIES AG** (hereinafter "ITAG"), a company organized under the laws of Germany, and having a principal place of business at Munich, and **INFINEON TECHNOLOGIES FIBER OPTICS GmbH** (hereinafter "IFFO"), a company organized under the laws of Germany, and having a principal place of business at Berlin.

WHEREAS, ITAG has had, or may have had, legal and/or beneficial right, title, and/or interest, in and to certain patent rights, including patents, patent applications, continuations, continuations-in-part, divisionals, reissues, and/or renewals thereof, in the United States and other countries;

WHEREAS, ITAG participated in a contract whereby ITAG agreed to and did assign all legal and beneficial right, title and interest in and to certain of these patent rights to IFFO, including those identified in Appendixes A to H this Memorandum (hereinafter "PATENT RIGHTS");

WHEREAS, the parties wish to further acknowledge and confirm the assignment of these PATENT RIGHTS, and acknowledge that the assignment of these PATENT RIGHTS is valid and enforceable, and is effective as of 4 February, 2004;

and

WHEREAS, IFFO wishes to confirm that it has acquired and accepted all right, title and interest in the PATENT RIGHTS;

IN RELIANCE ON THE FOREGOING and in good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ITAG by these presents does confirm having assigned, and transferred, and/or does hereby assign, and transfer, to IFFO and its successors-in-interest, any and all right, title, and interest in the PATENT RIGHTS, world-wide, including the full and exclusive world-wide right to the PATENT RIGHTS, any continuations, continuations-in-part, divisionals, reissues, and/or renewals thereof, to be held and enjoyed by IFFO to the full end of the term for which any patents are granted, and any extensions or substitutions thereof, as fully and entirely as the same would have been held by ITAG had this assignment and sale not been made. This assignment shall include the right to claim priority under any treaty or convention for any of the PATENT RIGHTS, and shall include the right to sue for and collect past damages. ITAG further hereby covenants and agrees to execute all instruments or documents required or requested by IFFO (or any successor-in-interest to any of the PATENT RIGHTS) in connection with perfecting title to, obtaining, and/or enforcing any of the PATENT RIGHTS or related rights, without further or other compensation. IFFO does hereby confirm, acquire, and accept such assignment and transfer of all of the above PATENT RIGHTS and related rights.
